DTX 72 iE

Dynamic In-Ear Headphone

Order # 716.448

Features

- Balanced and transparent sound
- Closed design
- Compatible with portable devices with mini jack socket (3.5 mm)
- Supplied with 3 pairs of eartips in different sizes, cable clip and case with a quick acting closure

Description

The DTX 72 iE in-ear headphone is ideal for all portable devices with a mini jack socket (3.5 mm) such as laptops, tablet computers, MP3 players or smartphones.
The DTX 72 iE features a balanced and transparent sound. Due to the closed design music can hardly penetrate to the outside and ambient noise is also effectively attenuated.
The thin smooth cable does not get tangled up even when putting the player into a trouser or jacket pocket.
The supplied selection of silicone eartips in three different sizes ensures a perfect fit so that the DTX 72 iE meets all requests regarding comfort, sound and ambient noise attenutation.
